

30" IPS COUPLING

PRODUCT INFORMATION BULLETIN

The Industry's Leading Range of Couplings Just Got BIGGER!

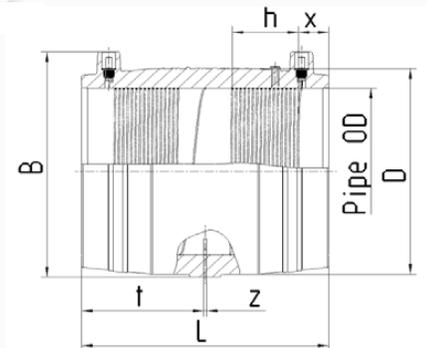

IPEX expands its industry leading FRIATEC IPS couplings with the largest size to date.

This new 30" IPS coupling easily connects to PE pipes 3408/4710 with extra wide fusion zones. An increased wall thickness and coupler depth provide maximum stability without the use of holding clamps.

FEATURES AND BENEFITS:

- Front and middle cold zones for an optimal pressure fused joint
- Exposed heating coil with direct contact to pipe provides maximum heat transfer
- Batch marking for easy ID
- SDR 11
- Full pressure rating – 200 psi
- Preheat cycle warms components to the same temperature and fills annular space

30" IPS Coupling (inches)

Product Code	ID Min	ID Max	D	B	L	t	h	x
228451	29.980	30.020	37.008	–	19.684	9.842	5.376	1.614
	Wgt (lbs/ea)		Fusion Time/Sec @ 73°F			Cooling Time/Min		
	256.2		1680/1740 ea side			60/90/120
